Setting up your Privacy Policy

Privacy please! This guide covers how to set up your Privacy Policy aka how your company handles and secures customer data. It's essential to keep this information updated. So, customers always trust Partners like you, and your account stays compliant with our Seller Agreement.

TIP Heads up! Your Privacy Policy is shown to customers shopping on Walmart.com both online and on mobile.

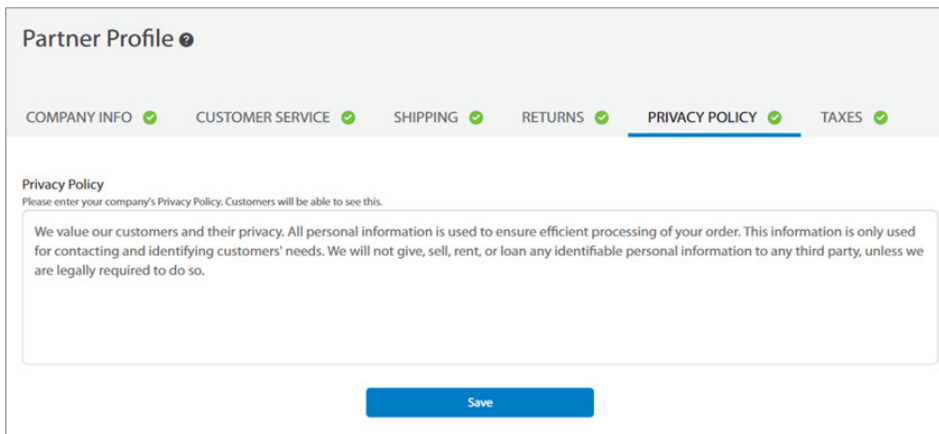

1

Click "Settings" then click "Privacy Policy."

2

Add your Privacy Policy language in the box provided (max 4,000 characters).

Include information that explains how you handle and secure customer data. Please do not include any URLs or links to other websites. See the image below for some example language.

3

Click "Save" to finish or update your changes. Boom - you're done!
