

Roadmap for Success

1. Give Your Business a Running Start

Your seller journey starts with item setup, where we offer multiple ways to have your products listed on Walmart.com. **Learn your options and set yourself up for success.**

Single Item Setup

Bulk Upload Setup

Setup by Match

SEO Best Practices

Content Policies

It's all in the details – learn about Walmart content policies and item setup best practices to **maximize your item's visibility in search and browse results.**

Run your fulfillment like clockwork: setup your shipping methods, create shipping overrides if necessary and provide valid tracking on all orders.

Shipping Methods and Timing

Shipping Overrides

Valid Tracking

2. Run Your Business like a Boss

Update Inventory in Seller Center

Acknowledge & Ship an Order

Seller Performance Standards

Now that you're open for business on Walmart.com, **ensure your inventory counts are always up-to-date**, and acknowledge and ship orders on-time.

Hit the ground running with competitive pricing and re-visit your strategy regularly to ensure your listings win the Buy Box and call out comparison prices when applicable.
